LOGO DESIGN COMPETITION

COMPETITION BRIEF

ARCASIA FORUM

ARCASIA FORUM is the most important biannual vent of Architects Regional Council of Asia (ARCASIA) and is a platform for the on-going discussion of current architectural ideas pertinent to the region and the rest of the world as well. This is a gathering of prominent architects and thinkers intended to serve as an Asian 'catapult of minds' on matters concerning architecture and environment.

Institute of Architects Bangladesh (IAB) has won the bid last year to host ARCASIA FORUM 20 to be held in 2019. It is also important to be mentioned that FORUM 20 will be the 50th anniversary celebration of ARCASIA. The five day long event will take place in Cox's Bazaar. In this regard, IAB is launching a logo design competition to mark this grand event.

The logo for ARCASIA FORUM 20 is expected to be inspired by the ARCASIA fraternity, the key features of the host country and nevertheless, the theme selected for the event as described below

Our economic, physical, technological and geo-political landscapes are changing unprecedentedly. In today's reality to address many facets of this undeniable phenomena, the theme of ARCASIA Forum 2019 - "Architecture in Changing Landscapes" is expected to invoke innovative thoughts & ideas from the professionals and researchers, concerning Architecture of Today and Tomorrow.
